Safety and use

Please read this chapter carefully before using your phone. The manufacturer disclaims any liability for damage, which may result as a consequence of improper use or use contrary to the instructions contained herein.

Do not use your phone when the vehicle is not safely parked. Using a hand-held phone while driving is illegal in many countries.

Comply with restrictions on use specific to certain places (hospitals, planes, gas stations, schools, etc.).

Switch the phone off before boarding an aircraft.

Switch the phone off when you are in health care facilities, except in designated areas.

Strictly obey all signs and instructions posted in a fuel depot, petrol station, or chemical plant, or in any potentially explosive atmosphere when operate your phone.

Please consult your doctor and the device manufacturer to determine if operation of your phone may interfere with the operation of your medical device. When the phone is switched on, it should be kept at least 15 cm from any medical device such as a pacemaker, a hearing aid, or an insulin pump, etc.

Do not let children use the phone and/or play with the phone and accessories without supervision.

To reduce exposure to radio waves, it is recommended:

- To use the phone under good signal reception conditions as indicated on its screen (four or five bars);
- To use a hands-free kit;
- To make reasonable use of the phone, particularly for children and adolescents, for example by avoiding night calls and limiting the frequency and duration of calls;
- Keep the phone away from the belly of pregnant women or the lower abdomen of adolescents.

Do not allow your phone to be exposed to adverse weather or environmental conditions (moisture, humidity, rain, infiltration of liquids, dust, sea air, etc.). The manufacturer's recommended operating temperature range is 0°C (32°F) to 40°C (104°F). At over 40°C (104°F) the legibility of the phone's display may be impaired, though this is temporary and not serious.

PROTECT YOUR HEARING

To prevent possible hearing damage, do not listen at high volume levels for long periods. Exercise caution when holding your phone near your ear while the loudspeaker is in use.

Use only batteries, battery chargers, and accessories which are compatible with your phone model.

Regulatory information

Hereby, TCL Communication Ltd. declares that the radio equipment of type Alcatel T301P/T301Q is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: https://www.alcatelmobile.com/eu_doc/

SAR and radio waves

This device meets international guidelines for exposure to radio waves.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2 W/kg for Head SAR and Body-worn SAR, and 4 W/kg for Limb SAR.

Maximum SAR for this model and conditions under which it was recorded		
Head SAR	GSM 900MHz	0.36 W/kg
Body-worn SAR (5 mm)	GSM 1800MHz	1.00 W/kg
Limb SAR (0 mm)	GSM 1800MHz	1.14 W/kg

For more information, you can go to www.alcatelmobile.com.

Frequency bands and maximum radio-frequency power

This radio equipment operates with the following frequency bands and maximum radio-frequency power:

GSM 900MHz: 33.0 dBm

GSM 1800MHz: 30.0 dBm

Bluetooth 2.4GHz band: 9.91 dBm

This device may be operated without restrictions in any EU member state.

Battery

In accordance with air regulations, the battery of your product is not fully charged. Please charge it first.

- Do not attempt to open the battery (due to the risk of toxic fumes and burns).
- For a device with a non-removable battery, do not attempt to eject or replace the battery.
- Do not puncture, disassemble, or cause a short circuit in a battery.
- For a unibody device, do not attempt to open or puncture the back cover.
- Do not burn or dispose of a used battery or phone in household rubbish or store it at temperatures above 60°C (140°F), this can result in an explosion or the leakage of flammable liquid or gas. Similarly, subjecting the battery to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas. Only use the battery for the purpose for which it was designed and recommended. Never use damaged batteries.

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Charger⁽¹⁾

Mains powered chargers will operate within the temperature range of: 0°C (32°F) to 40°C (104°F).

The chargers designed for your phone meet the standard for safety of information technology equipment and office equipment use. They are also compliant with the ecodesign directive 2009/125/EC. Due to different applicable electrical specifications, a charger you purchased in one jurisdiction may not work in another jurisdiction. They should be used for the purpose of charging only.

Model: XT-252A-5055/XT-536B-5055/XT-252E-5055

Input Voltage: 100~240V

Input AC Frequency: 50/60Hz

Output Voltage: 5.0V

⁽¹⁾ If sold with the device, depending on the device you purchased.

Output Current: 0.55A
Output Power: 2.75W
Average active efficiency: 69.0%
No-load power consumption: 0.1W

Waste disposal and recycling

Phone, accessory and battery must be disposed of in accordance with locally applicable environmental regulations.

This symbol on your phone, the battery, and the accessories means that these products must be taken to:

- Municipal waste disposal centres with specific bins.
- Collection bins at points of sale.

They will then be recycled, preventing substances being disposed of in the environment.

In European Union countries: These collection points are accessible free of charge. All products with this sign must be brought to these collection points.

In non-European Union jurisdictions: Items of equipment with this symbol are not to be thrown into ordinary bins if your jurisdiction or your region has suitable recycling and collection facilities; instead they are to be taken to collection points for them to be recycled.

Privacy statement of device usage

If you connect your device to networks or other devices (like for example Wi-Fi, Bluetooth, NFC, or any other method), please note that some of your personal data may be shared with them. It is under your own responsibility to protect your own personal data, not to share with it with any unauthorised devices or third party devices connected to yours. For products with Wi-Fi features, only connect to trusted Wi-Fi networks. Also when using your product as a hotspot (where available), ensure your network security. These precautions will help prevent unauthorised access to your phone. Your product can store personal information in various locations including a SIM card, memory card, and built-in memory. Be sure to remove or clear all personal information before you recycle, return, or give away your product. Choose your apps and updates carefully, and install from trusted sources only, for that some third party apps can impact your product's performance and/or have access to private information including account details, call data, location details, and network resources. We are not responsible for such third party provider's privacy or security practices.

Any personal data you shared with TCL Communication Ltd. will be handled in accordance with our Privacy Notice. You can check our Privacy Notice by visiting our website: <https://www.alcatelmobile.com/privacy/>.

Privacy

Please note that you must respect the laws and regulations in force in your jurisdiction or other jurisdiction(s) where you will use your phone regarding taking photographs and recording sounds with your phone. Pursuant to such laws and regulations, it may be strictly forbidden to take photographs and/or to record the voices of other people or any of their personal attributes, and reproduce or distribute them, as this may be considered to be an invasion of privacy. It is the user's sole responsibility to ensure that prior authorisation has been obtained, if necessary, in order to record private or confidential conversations or take a photograph of another person; the manufacturer, the seller or vendor of your phone (including the operator) disclaim any liability which may result from improper use of the phone.

Limited warranty

This section sets forth briefly the warranty responsibilities the Manufacturer offers to its distributors ("Customers") regarding Alcatel branded hardware and accessories manufactured by or on behalf of the Manufacturer.

Please notice that this Limited Warranty does not replace any of the consumer or end-user legal (statutory) rights relating to the Alcatel device.

As a general rule, the Manufacturer warrants its Customers that the Alcatel device will be free from defects in materials and workmanship under normal use for:

Alcatel Phone & Embedded battery ⁽¹⁾	12 months ⁽²⁾
Alcatel accessories (USB cable, Charger, Earphone)	3 months ⁽²⁾

Repair or replacement may be carried out using reconditioned components offering equivalent functionality.

This warranty will notably not apply to defects due to:

- Normal wear and tear, a shock or a fall.
- Non-compliance use with the instructions for use or installation, or with technical and safety standards applicable in the geographical area where your device is used;
- Inclement weather, lightning, fire, humidity, infiltration of liquids or foods, chemical products, intrusion or download of malicious files/software (malware), crash, high voltage, corrosion, oxidation.

In case of any defect of your phone or accessory which prevents you from normal use thereof, you must immediately inform your vendor and present the device with your proof of purchase.

You should regularly backup your data. During the servicing (repair or replacement) content on your device may be deleted, reformatted or configured as originally purchased (subject to then current updates and upgrades of software).

⁽¹⁾ The life of a rechargeable phone battery in terms of conversation time, standby time and total service life, will depend on the conditions of use and network configuration.

⁽²⁾ The Warranty period may vary depending on country of purchase and/or channel of purchase.
